SHIAWASSEE COUNTY

Directory for Vulnerable Adult Services

If you are concerned that you or someone you know is a victim of any form of abuse, you can call:

Shiawassee County Sheriff's Department - 911

**Shiawassee County Dept. of Health and
Human Services - 855-444-3911**

DEFINITIONS OF VULNERABLE ADULT ABUSE

The following definitions are derived from the Michigan Adult Protective Services Act, Act 519, Public Acts of 1982, MCL 400.11:

Abuse: The harm or threatened harm to an adult's health or welfare caused by another person. Abuse includes, but is not limited to, non-accidental physical or mental injury, sexual abuse, or maltreatment.

Exploitation: An action that involves the misuse of an adult's funds, property, or personal dignity by another person.

Exploitation can include outright theft, misuse of a power of attorney or other breach of fiduciary duty to manage funds belonging to the adult, or an intentional breach of a promise to repay money or provide promised services. An example of exploitation would be the actions of an adult son who was given a power of attorney to handle his mother's financial affairs, withdrawing money from her bank accounts and spending it on himself, without her knowledge and consent.

Neglect: Harm to an adult's health or welfare caused by the inability of the adult to respond to a harmful situation or by the conduct of a person who assumes responsibility for a significant aspect of the adult's health or welfare. Neglect includes the failure to provide adequate food, clothing, shelter, or medical care. A person shall not be considered to be abused, neglected, or in need of emergency or protective services for the sole reason that the person is receiving or relying upon treatment by spiritual means through prayer alone in accordance with the tenets and practices of a recognized church or religious denomination, and this act shall not require any medical care or treatment in contravention of the stated or implied objection of that person.

VULNERABLE ADULT ABUSE - FINANCIAL EXPLOITATION

Elder abuse, specifically financial exploitation, is rising quickly in our country and can affect anyone of means or otherwise. The following definition is derived from the Michigan Adult Protective Services Act, Act 519, Public Acts of 1982, MCL 400.11:

Exploitation is an action that involves the misuse of an adult's funds, property or personal dignity by another person.

Exploitation can include outright theft, misuse of a power of attorney or other breach of fiduciary duty to manage funds belonging to the adult, or an intentional breach of a promise to repay money or provide promised services. An example of exploitation would be the actions of an adult son who was given a power of attorney to handle his mother's financial affairs, withdrawing money from her bank accounts and spending it on himself, without her knowledge and consent.

HOUSING

There are a number of choices in housing for Seniors and Adults with Disabilities, for example: independent living (subsidized and unsubsidized), adult foster care, assisted living, nursing homes and homes for the aged. When shopping for adult foster care or assisted living housing opportunities we urge you to look at homes licensed through the State of Michigan. To inquire about the status of a home's license, you can go to www.michigan.gov/dhs and click on "adult foster care" and enter the county.
